SUNSET MANUFACTURING NAMES RICK NELSON AS DIRECTOR OF SALES

ST. JOSEPH, MN — Sunset Manufacturing, a precision sheet metal fabricator serving OEMs throughout Minnesota and the upper Midwest, has hired Rick Nelson as director of sales.

Nelson brings more than 20 years of manufacturing experience, including a strong sales and fabrication background, and will serve in a consulting capacity throughout customers' project cycles and beyond.

"My goal is to ensure good communication and added value up front," said Nelson. "Those are the kinds of customer relationships Sunset is known for, and that I'm looking forward to building on."

Prior to joining Sunset, Nelson served in a variety of roles including sales, operations and plant management positions in the Minneapolis-St. Paul metro area and Central Minnesota.

Established in 1954, Sunset Manufacturing specializes in precision fabrication of stainless and mild steel, aluminum and other sheet metal, including laser cutting, forming, welding, finishing and assembly. Learn more at www.sunset-mfg.com.
